Education, Training and Opportunities a Key Focus of Contract Negotiations

9 committees of members are meeting with Allina to negotiate issues of importance. This is the second on a series of flyers to keep you up to date on these committees and what they are discussing.

Workforce Planning, Development, and Education Committee

Here are some of the issues being discussed by the committee:

- Improving accessibility to training and education for SEIU members
- Forecasting job changes and needs within Allina so members can make educated career choices
- Tuition reimbursement
- Paid time to go to school
- Developing opportunities and a smoother process for members to transfer job classes
- More training and educational opportunities for SEIU members

“We’re working to make sure SEIU members have access to the training and education we need to provide quality care. We also want to allow those who want to keep on learning to have more opportunities to do so.”

Shannon Beaton, Owatonna
