EMPLOYMENT AGREEMENT

This is an Agreement made and entered into the day and year hereinafter written by and between the undersigned Hospital, hereinafter referred to as the "Hospital," and the Professional Employee Pharmacists of Minnesota, a Division of SEIU Healthcare Minnesota hereinafter referred to as the "Union," as follows:

ARTICLE 1: RECOGNITION

The Hospital recognizes the Union as the exclusive bargaining representative for all Registered Pharmacists (regardless of educational degree) excluding supervisors, interns, employees working on average less than seventeen (17) hours per pay period at the end of each quarter (starting with the pay period ending the first quarter of 2001) and all other employees.

ARTICLE 2: MANAGEMENT RIGHTS

Except as specifically limited by the express written provisions of this Agreement, the management of the Hospital and the direction of the working forces shall be vested solely and exclusively in the Hospital. This provision shall include, but is not limited to, the right to hire; to determine the quality and quantity of work performed; to determine the number of employees to be employed; to lay off employees; to assign and delegate work; to enter into contract for the furnishing and purchasing of supplies and services; to maintain and improve efficiency; to require observance of Hospital rules, regulations, retirement and other policies; to discipline or discharge employees for cause; to schedule work and to determine the number of hours to be worked; to determine the methods and equipment to be utilized and the type of service to be provided; and to change, modify or discontinue existing methods of service and equipment to be used or provided. It is understood that the interpretation and implementation of the provisions of this Article will at no time involve the violation of federal or state laws, rules or regulations pertaining to the practice of pharmacy or standards adopted or accepted by the Minnesota State Board of Pharmacy.

** The purpose of the Per Diem rate is to provide an incentive to Casual Pharmacists (Non Benefit Eligible) to work off shifts i.e.: evenings, nights, weekends **
and holiday shifts. Casual Pharmacists who accept such an assignment are subject to local work agreements that govern this program.

3.2 New hires will be placed on the wage scale at a level commensurate with experience. Internships may receive up to one (1) year experience credit.

3.3 Salary increments as described herein shall be credited on a basis of one (1) year (12 months) credit for each year worked as a licensed Pharmacist.

ARTICLE 4: HOURS OF WORK AND OVERTIME

4.1 The basic work period shall be eighty (80) hours to be worked during a period of two (2) weeks [14 consecutive days]. The normal work day will be eight (8) hours. If an employee works in excess of eighty (80) hours during the said two (2) week period or in excess of eight (8) hours in any work day, she/he will be paid at one and one-half (1-1/2) times her/his regular rate of pay for all excess time so worked. An employee who works in excess of twelve (12) consecutive hours shall receive double time the employee’s regular straight time hourly rate for such excess time worked. Overtime payments shall not be duplicated for hours worked in excess of eight (8) in a regular work day and in excess of eighty (80) for a two (2) week work period or in excess of twelve (12) consecutive hours. Paid sick leave, unworked holidays, and vacation hours shall be considered as hours of work for overtime purposes. The trading of shifts by Pharmacists must be approved in advance by the Hospital or its designee.

4.2 The Hospital and Union may mutually agree to overtime payments at the rate set forth above on the basis of time worked in excess of forty (40) hours during any one (1) week [seven (7) consecutive days]. If such method of payment is used, no overtime shall be paid for time worked in excess of eight (8) hours during a workday.

4.3 An employee who is called to work an unscheduled shift and who is called not later than one-half (1/2) hour after the commencement of that shift shall be paid for the entire shift if she/he arrives within a reasonable period of time after being called.

4.4 (1) Additional Intermittent Hours: Additional intermittent hours may first be offered to volunteers at the Hospital’s discretion. Where two or more volunteers seek the same open hours, the hours will be assigned to the most senior qualified Pharmacist volunteering on a non-overtime basis. If additional hours still need to be filled, the Hospital will first offer them to regularly scheduled part-time Pharmacists, on a non-overtime basis, based on seniority; then to casuals before any outside agency is used. If the Hospital determines to use overtime to fill hours, the Hospital will offer the overtime based on seniority starting with the most senior qualified Pharmacist. If the process spelled out above does not cause the hours identified by the Hospital to be covered, the Hospital will then assign the hours to the least senior qualified Pharmacist not already scheduled for those
same hours. If issues arise regarding the use of agency Pharmacists, as authorized above, the parties agree to meet and discuss this issue. It is the intent of the Hospital that open shifts due to daily absenteeism, as opposed to such things as extended consecutive absences by an employee, will not be filled by outside agencies except in the case of emergency. In addition, except for leaves granted pursuant to the contract or leaves required by law, the Hospital agrees that it will not use an outside agency without concurrently having a Pharmacist position posted.

(2) **Immediate Need Hours:** Immediate need overtime shall be offered to the most senior Pharmacist on duty on the shift prior to the shift where the overtime is needed, after the Hospital has exercised its option to offer the hours as described in paragraph 1 above. The senior Pharmacist shall have the right to refuse such overtime. In such instance, it shall be offered by seniority and in the event no one wants it, it shall be assigned to the least senior qualified Pharmacist on duty on the shift prior to the shift where the overtime is needed; however, no one shall be required to work more than two (2) consecutive eight (8) hour shifts except in emergency situations. In the interest of patient safety, except in the case of an emergency, an employee may not work, in a rolling seven (7) consecutive day period, more than three (3) double shifts in this period and not more than two (2) consecutive days of double shifts. In addition, except in the case of an emergency, an employee may not work more than one hundred twenty (120) hours in any pay period, which must include the employee’s regularly scheduled shifts.

4.5 Schedules shall be posted fourteen (14) calendar days in advance of the Pharmacist's scheduled work and that schedule shall reflect four (4) weeks of scheduled hours. Changes in posted schedules will not be made without notification to the Pharmacists affected.

4.6 In the establishment of new work week schedules, which call for fewer weekends or straight shifts, the Hospital shall give preference to qualified employees in accordance with seniority.

4.7 Any part-time employee who is consistently scheduled and/or consistently works above their authorized hours for a period of six (6) months or more may request to have their authorized hours changed to reflect their actual hours worked up to 80 hours per pay period. The employer will not be required to increase authorized hours if such hours are based on a temporary need, e.g., short-term vacation or sick coverage or medical leave. The employer may decrease authorized hours where an employee consistently gives away their scheduled hours over a period of six (6) months or more.

4.8 **Alternative Weekend Schedule** - The Hospital may establish flexible scheduling plans providing work schedules of only two (2) 12-hour shifts every weekend. An employee may agree to work additional shifts; but such agreement shall not be a
condition of being accepted for available Alternative Weekend Schedules. Plans established under this Section 4.8 shall be subject to the following conditions:

(1) Alternative Weekend Schedules developed under this program shall be within a forty-eight (48) consecutive hours period between 7:00 p.m. Friday and 7:00 a.m. Monday.

(2) An employee electing this program will be scheduled to work two (2) 12-hour shifts on consecutive days during the forty-eight (48) hour period on every weekend. The employee will receive thirty-six (36) hours of pay at the employee’s regular rate of pay for this twenty-four (24) hours of work.

(3) An employee working two (2) 12-hour weekend shifts on an Alternative Weekend Schedule shall be credited with thirty-six (36) hours per weekend [seventy-two (72) hours per payroll period] toward accumulation of all contractually provided benefits, including pension and seniority. An employee will receive one (1) hour of credit toward benefits for each additional hour the employee agrees to work.

(4) Vacation and sick leave used shall be paid and be deducted from the employee’s accumulated vacation and sick leave at the same rate as it is accrued. An employee will, therefore, receive eighteen (18) hours of pay for each twelve (12) hour weekend shift taken as vacation or sick leave.

(5) An employee electing an Alternative Weekend Schedule may be scheduled to work on each holiday falling on a weekend.

(6) Holiday pay shall be based on the number of hours regularly scheduled under the Alternative Weekend Program.

(7) Section 6 relating to the weekend bonus shift differential shall not apply to the two (2) 12-hour shifts for which an employee is normally scheduled; but will apply to any additional weekend shifts an employee agrees to work.

(8) The basic work week for employees on the Alternative Weekend Program shall be forty (40) hours per week. An employee shall be paid time and one-half (1 1/2) for all hours worked in excess of forty (40) hours per week. An employee working in excess of her or his scheduled work day shall be paid time and one-half (1 1/2) for all excess hours so worked except that hours in excess of twelve (12) consecutive hours in a work day shall be paid at the rate of double (2) time.

(9) Employees on the Alternative Weekend Program may elect permanent assignment to the night shift. The remaining night shifts shall be shared proportionately by employees electing to work twelve (12) hour shifts on weekends under this Program.
(10) An employee may revoke her or his consent to an alternative weekend schedule pursuant to this program by giving written notice. The employee shall be entitled to return to an open available position for which the employee is qualified and which has an equal number of hours per payroll period as the employee had prior to electing the Alternative Weekend Program. The Hospital shall likewise give the employee notice of equal length in the event the Alternative Weekend Program were discontinued.

(11) An employee participating in this Alternative Weekend Program may, with Hospital approval, trade hours with an employee who is not on an Alternative Weekend Schedule. Each employee involved in the trade will be paid at that employee’s regular rate of pay excluding the Alternative Weekend Schedule Premium and in accordance with that employee's standard for overtime eligibility. An employee on an Alternative Weekend Schedule who trades hours with another employee who is scheduled to work a twelve (12) hour shift between 7:00 p.m. Friday and 7:00 a.m. Monday shall continue to receive pay as set forth in this Section. An employee who agrees to work a scheduled shift for an employee on an Alternative Weekend Schedule shall be paid at the rate of pay the employee would otherwise receive for weekend work.

ARTICLE 5: SCHEDULING COMMITTEE

Each hospital will establish a committee to review and discuss various scheduling issues including, but not limited to, attempting to develop desirable positions as part of a master schedule by seniority. Participants will include the union steward or designee and meetings will be held quarterly or when the occasion arises for discussion and/or resolution of reasonable and appropriate subjects.

If the hospital intends to create a schedule that would change the current pay or benefits outlined in the agreement, the hospital agrees to notify the Union of such schedule. Upon the request of the union, the Hospital agrees to meet and negotiate the changes with the Union.

ARTICLE 6: SHIFT DIFFERENTIAL, WEEKEND BONUS & WEEKEND PREMIUM

6.1 A shift differential shall be payable as follows:

<table>
<thead>
<tr>

<th>Rate</th>
</tr>
</thead>
<tbody>
<tr>
<td>Evening Shift</td>
<td>$2.65 per hour</td>
</tr>
<tr>
<td>Night Shift</td>
<td>$3.50 per hour</td>
</tr>
</tbody>
</table>

The shift differential shall be paid for the full shifts for all regularly scheduled shifts where a majority of the hours worked are between 3:00 p.m. and 7:00 a.m.

6.2 Weekend Bonus - Full-time and regularly scheduled part-time Pharmacists who work more weekend shifts than those for which they are regularly scheduled shall be paid an additional Sixty-five Dollars ($65.00) for each extra shift worked of five
(5) hours or more. The provisions of this Section shall apply to all shifts worked between 3:00 p.m. Friday and 7:00 a.m. Monday. The weekend bonus shall not be paid if additional shifts are worked as a result of Pharmacists voluntarily exchanging hours.

6.3 Weekend Premium - A Pharmacist shall receive premium pay for each hour worked during a period of eight (8) consecutive shifts commencing with the Hospital's regular Friday evening shift and apply to all shifts worked between 3:00 o'clock pm Friday and 7:00 o'clock am Monday at the following rate: $1.75 per hour.

ARTICLE 7: ON-CALL

Employees who are required by the Hospital to be on-call shall be paid three dollars ($3.00) per hour for each on-call hour. On-call hours shall not be considered hours of work for the purpose of determining overtime pay.

ARTICLE 8: VACATION

8.1 Eligible employees accrue vacation each payroll period and total accrued vacation is reported to the Pharmacist. The following table shows the actual accruals per hour and the maximum vacation which is available at any time:

8.2 Hospitals presently providing vacation benefits in excess of those listed above shall continue such schedules for employees employed on the effective date of this Agreement. Employees employed after said date shall receive vacation benefits as provided above.

8.3 If an employee becomes ill or disabled during vacation, she/he shall be paid sick pay upon certification by a competent physician or licensed health care provider affiliated with an HMO, and shall receive the unused portion of such vacation during the vacation period.

8.4 Holiday and Vacation Scheduling: In order to provide an orderly process in the selection of vacation and holidays, the parties agree to the following process:

(a) Commencing November 15 of each year, the Hospital will make available the holiday calendar for the next year. Holidays will be selected following the normal process and must be selected by December 14.
(b) Commencing December 15, the Hospital will make available a vacation calendar detailing in as clear a fashion as possible the number of weeks (or days) available for vacations scheduled between May 1 and September 30 to meet vacation requests submitted for that time period. Commencing June 15, the Hospital will make available a vacation calendar detailing in as clear a fashion as possible the number of weeks (or days) available for vacations scheduled between October 1 and April 30 to meet vacation requests submitted for that time period. In order to have a vacation granted, an employee must have earned vacation equal to the amount of vacation requested, or will have earned enough vacation by the date the schedule is posted in which the proposed vacation time would be taken.

(c) Vacation requests shall be made by January 15 and the Hospital shall respond by February 15 for vacations scheduled between May 1 and September 30. Vacation requests shall be made by July 15 and the Hospital shall respond by August 15 for vacations scheduled between October 1 and April 30. Vacation requests submitted in this manner shall be awarded on a seniority basis as follows:

Two priority picks: Subject to the provisions of paragraph (b) above, there will be two rounds of bidding in which each pharmacist, in order of seniority, shall have the opportunity to request and be awarded a single, contiguous block of time off before additional requests for time off are granted. After the two priority rounds are completed, additional vacation time requested during the bid period shall be awarded in seniority order.

Vacation requests submitted after January 15 and July 15 will be awarded on a first come basis. The Hospital shall respond to these requests within two (2) weeks if time allows.

(d) Any vacation granted to an employee must be taken by the employee unless it is withdrawn in writing eight weeks prior to the date on which the vacation is scheduled.

(e) In connection with the holiday and vacation calendars discussed in this section, it shall be the sole responsibility of employees to monitor the movement of those calendars and handle all issues that may arise.

ARTICLE 9: HOLIDAYS

9.1 Employees will be granted the following nine (9) holidays with pay: New Year’s Day, Good Friday or Easter Sunday (not both), Memorial Day, Independence Day, Labor Day, Thanksgiving Day, Christmas Day, the employee’s birthday and a personal floating holiday to be taken at a time mutually agreed upon between each individual employee and the Hospital. The personal floating holiday shall be provided only after employees have completed one (1) year of continuous service. Employees who do not work on such holidays shall receive eight (8) hours of pay at
their regular straight time rate unless the employee’s regular daily work schedule is in excess of eight (8) hours then the employee will be paid for that amount of time off. However, the payment of idle holiday pay, as described in the preceding sentence, shall not cause the employee to exceed the employee’s regularly scheduled full-time equivalent status for a pay period. Any employee working on any of such holiday shall be paid, in addition to her/his regular straight time rate of pay for the hours worked, straight time pay as holiday pay up to the number of hours worked on the holiday or will be given eight (8) hours of straight time off. If a holiday falls during an employee’s vacation, an extra day shall be added to the vacation. If a holiday falls on an employee’s day off, she/he may, by mutual agreement, select compensatory time off within a two (2) week period before or two (2) week period after the holiday. That employee may, by mutual agreement with the Hospital, receive compensatory time off in lieu of holiday pay for time worked on a holiday.

9.2 For purposes of this Section, Christmas Day shall be deemed to extend over a thirty-two (32) hour period from the start of the relief shift beginning on December 24 through the end of the relief shift which began on December 25; New Year’s Day shall be deemed to extend over a thirty-two (32) hour period from the start of the relief shift beginning on December 31 through the end of the relief shift which began on January 1. Hospitals currently commencing the holiday at 7:00 a.m. may commence the thirty-two (32) hour period at the start of the night shifts on December 24 and December 31 respectively.

A Pharmacist shall be paid at the rate of time and one-half (1 1/2) for all hours worked on Christmas Day and/or Thanksgiving Day and shall receive holiday pay up to the number of hours worked on the holiday or compensatory straight time off during the thirty-two (32) hour Christmas period and/or the twenty-four (24) hour Thanksgiving period. The compensatory time off shall be granted within a two (2) week period before or a two (2) week period after said holiday.

9.3 In order to receive holiday pay, an employee must have completed at least ninety (90) days of employment and must have worked the regularly-scheduled day before and after the holiday.

**ARTICLE 10: PAID TIME-OFF**

The parties agree that during the life of this contract, either party may exercise the right to meet and negotiate with the other concerning the terms of a paid time-off plan.

**ARTICLE 11: SICK LEAVE**

11.1 Pharmacists shall earn sick leave at the rate of one (1) day for each month of continuous employment until a maximum of ninety (90) days of sick leave have been earned and accumulated.
Sick leave shall be paid to employees during a period of illness up to the maximum provided herein.

In order to receive payment of sick leave, an employee must furnish satisfactory proof of sickness, including a physician's certificate, when such proof is requested by the Hospital.

No sick leave shall be paid during the probationary period. Employees who have completed such probationary period shall accumulate sick leave from the date of employment.

ARTICLE 12: DISCHARGE

No employee shall be discharged, suspended or issued a written reprimand except for just cause.

ARTICLE 13: PROBATIONARY PERIOD

The first ninety (90) calendar days of employment of any full-time employee and the first ninety working days (not to exceed six (6) months) of any part-time employee shall be a probationary period, during which time the employment of such employee may be terminated with or without cause.

Up to sixty (60) days of the ninety (90) day probationary period will be waived on the basis of one (1) day of the probationary period for each day of internship time spent at the employing Hospital within the six (6) months immediately prior to the beginning of employment.

ARTICLE 14: LEAVES OF ABSENCE

(a) A leave of absence without pay will be granted to employees for illness, disability, and maternity for a maximum period of six (6) months. During such leaves employees may use accrued sick leave while ill or disabled.

(b) An employee returning from such a leave of absence within ninety (90) calendar days after commencement of the leave shall be returned to her/his former position. An employee returning from such a leave after ninety (90) days from the commencement of the leave shall be returned to work as a Pharmacist. However, if the Hospital has not permanently filled the Pharmacist's position and it remains open and available at the time the Pharmacist is ready to return to work then, in that case, the Pharmacist shall be returned to the position he/she held prior to the commencement of the leave.

Critical Illness or Death in the Immediate Family - A leave of absence without pay will be granted for critical illness or death in the immediate family (parents, brothers, sisters, sons, daughters, husbands and wives) for a period of up to ninety days.
(90) calendar days. The Hospital will not permanently fill the employee’s position during the period of the leave of absence.

14.3 Bereavement - A leave of absence of three (3) days without loss of pay shall be granted to employees in case of death in the family (parents, parents-in-law, grandparents, grandchildren, brothers, sisters, sons, daughters, husbands and wives or domestic partners, step-parents, step-children, step-brothers and step-sisters) for the purpose of attending the funeral or memorial service of the deceased. Such leave shall be the day before, the day of, and the day after the funeral or memorial service, unless different days are agreed upon between the employee and the Hospital. A leave of absence of one (1) day without loss of pay shall be granted to employees in the case of death of a brother-in-law or sister-in-law and this day shall be the day of the funeral unless different days are agreed upon between the employee and the Hospital.

14.4 The Hospital agrees to comply with Minnesota law regarding leaves for adoptive parents.

All long-term disability plans will contain provisions which may allow a disabled Pharmacist, with Hospital approval, to return to work on a reduced work schedule and/or to work intermittently between periods of disability while receiving partial disability benefits. This partial disability provision shall be effective as soon as appropriate amendments to existing insurance agreements or self-insured plans may be made.

(b) Benefits shall be payable in the event of an employee's disability as defined in the insurance contract providing the benefits herein. ARTICLE 18: SENIORITY

18.1 Definition - Seniority for full-time and part-time employees shall be based on the total number of compensated hours, excluding on-call hours, accumulated by an employee since the most recent date of hire. A seniority list shall be prepared and posted annually during January of each year. If, on or after January 1, 2007, a Pharmacist covered by this contract terminates his or her position within the bargaining unit and is hired back into a bargaining unit position covered by this contract by the same hospital from which he or she terminated and actually commences work within one (1) year from the date of his or her termination, that Pharmacist's previous seniority will be restored for purposes of this Article.

The Hospital shall make the initial decision as to qualifications, which may be subject to the grievance procedure if there is a disagreement.

18.4 **Low Need Days** - In the event that the Employer determines a need to reduce the number of employees scheduled or the number of hours on a particular shift because of changes in staffing needs, the following procedure will be utilized:

(a) Voluntary absent days or reduced hours will be requested from employees on the affected shift in accordance with staffing patterns established for that shift by the Employer.

Termination shall occur within three (3) days after receipt of written notice from the Union to the Hospital of the request for termination, provided the Hospital has received a written ten (10) day notice of delinquency. On a monthly basis the Hospital agrees to furnish the Union a monthly list of new hires and terminations involving Pharmacists covered by this contract as well as Pharmacists on leave of absence who are covered by this contract. On a monthly basis the Hospital agrees to notify the Union of changes in the following employee information: name, address, and change in hours. Each pay period the Hospital shall provide to the
Union the name, identification number (as determined by the Hospital), gross pay per pay period, and dues deduction amount for all employees.

Provided, further, that any contracting out agreement that would reduce the size of the bargaining unit may be subject to an interest arbitration proceeding in accordance with the following:

24.2 A neutral arbitrator shall be selected under the procedures described in Section 16 of this Agreement.

24.3 The arbitrator shall have the authority to determine the issue of whether the contract should contain language controlling the circumstances, if any, in which the Hospital may contract with another employer for the furnishing of pharmacy
services where such action would result in a reduction in the size of the bargaining unit.

ARTICLE 25: NO STRIKES OR LOCKOUTS

There shall be no strikes or lockouts, of any kind whatsoever, during the term of this Agreement. The prohibition against strikes and lockouts shall be absolute and shall apply regardless of whether a dispute is subject to arbitration under the grievance arbitration provisions of Section 16.

It is understood that in connection with the maximum set forth above, only nine hundred dollars ($900.00) per year can be used for Board of Pharmacy Specialties certification, seminars and other continuing educational programs/courses as mutually agreed by the parties. The remainder must be used for undergraduate or graduate college credits. In order to be eligible to receive this educational reimbursement, the Pharmacist must receive approval prior to attending the seminar or educational course or program, and the supervisor must certify the program or courses having a reasonable relation to the Pharmacist’s professional employment. During the 1996 negotiations, the parties reached agreement on an "Action Plan" to jointly develop a process over the term of the agreement to review and address staffing issues within the hospitals. The intent of the parties is to have this process be an acceptable tool to identify and address professional concerns related to staffing and to improve the staffing and scheduling process overall.

Note: An "Action Plan" is a statement of agreed future actions and usually involves a general versus a specific process. It differs from contract provisions in that it relies on the good faith of the parties for development and implementation. Action Plans may have a time schedule and are usually adaptable to the individual hospital.
LETTER OF UNDERSTANDING

JANUARY 1, 2004

This is a letter of understanding regarding our recent negotiations with the Twin City Pharmacists confirming an agreement made at the table in regards to the new per diem language. The parties have agreed that one of the principals in the local program will recognize that the per diem rate is to be paid for any hours worked by those casual pharmacists who agree and meet the local program/commitment of working "off shifts" (evening, nights, weekends and Holidays).
